A Manufacturing Partner Built for Commercial Execution

- Established in 2014, ZEROSET is an OEM and ODM power bank manufacturer based in Dongguan, China.
- We connect design, engineering and manufacturing in one coordinated workflow.
- Our focus is clear: practical products, scalable execution and production-ready delivery.

**One coordinated system.
From concept to mass production.**

Scale that Supports OEM and ODM Projects

Manufacturing Discipline with Built-In Verification

Assembly, testing, aging, packing and shipment preparation are connected inside one manufacturing workflow.

Quality is not checked only at the end. It is verified throughout production.

Four Strategic Ways to Build with ZEROSSET

01 Private-Mold Selection

Production-proven models ready for efficient market entry.

02 Platform-Based ODM

Customized structure, electronics or packaging on a mature base.

03 Existing Product Upgrade

Next-generation improvement for performance, structure or safety.

04 Complete New Co-Development

From concept to tooling, pilot run and mass production.

Selected Brands We Have Supported
